

Intrepid Travel Itineraries Now Accessible Through Passport Online

Thousands of Travel Agency Consumer Websites Now Sharing Intrepid Content

NEW YORK, NY - October 29, 2019 - [Intrepid Travel](https://www.intrepidtravel.com), the world's largest B Corp certified adventure travel company, is pleased to announce all 1,000+ itineraries are now available to 6,000 travel agents' websites through a new partnership with Passport Online.

Effective this week, Intrepid Travel's small-group adventures will be populated in the search engines of Passport Online's travel agent websites. Passport Online's innovative platform ensures all of Intrepid Travel's carbon-offset, experience-rich tours will be available to nearly six million unique consumers a month. Whether clients want to learn to make soba noodles in Japan, take a hot air-balloon ride in Turkey, or trek through Morocco's remote villages, there's a searchable adventure for all.

Passport Online's comprehensive technology allows travelers browsing their personal travel agents' website to explore the full range of Intrepid's product offerings. Although Intrepid's award-winning tours will be available to search by travelers, each call-to-action directs the booking back to the travel agents, further supporting the agents' business.

"Intrepid Travel is always looking for new ways to provide resources to travel agents," said Shayna Zand, head of business development in North America, Intrepid Travel. "This new alliance with Passport Online demonstrates Intrepid's commitment to best serve its industry partners and customers while making the booking process more seamless for agents and their clients."
